

**....4 State 4x4 QRP Sprint....**

**....(4hours/best4bands)....**

**Date: Saturday, October 5, 2013 (1700 to 2100 UTC)**

**Bands: 160, 80, 40, 20, 15, 10m**

**Stations are asked to call: CQ 4s de \_\_\_\_\_.**

**A simple exchange:**

**4sqrp members send: RST, SPC, 4x4**

**non 4sqrp stations send: RST, SPC, power**

**(working a station not in the QRP Sprint**

**requires you to get the station's RST, SPC,**

**and their power for your log)**

**(SPC = State/Province/Country)**

**Sprint rules:**

**1)Maximum power is 5 watts.**

**2)each contact is 4 points.**

**3)each 4sqrp contact = (4x4) = 16 points**

**4)turn in your best 4 bands of contacts - 1 contact**

**with a station per band.(a station may be worked**

**only once per band, the mode is your choice)**

**5)field stations add 444 bonus points to your total.**

**6)frequencies: on or about the normal QRP**

**frequencies for each band and mode, WARC bands are**

**not to be used for this Sprint.**

**7)Only 1 transmitter per callsign at a time, no multiple operators using the same callsign.**

**8)A Cyclone-40 transceiver contact is 444 points per QSO for each station. Cyclone-40 station must disclose the use of the transceiver to allow stations a chance at the bonus points. Cyclone-40 CONTACTS DO NOT COUNT AGAINST THE 1 CONTACT PER BAND. This is a bonus of QRP using a 4SQRP kit.**
